RE: Manufacturer's Safety Recall from Federal-Mogul

Factory Motor Parts has been made aware of a Manufacturer's Safety Recall **issued by Federal-Mogul** relating to certain aftermarket steering linkage assemblies ("Defective Products"). Detailed information relating to this Safety Recall is included on this website and identifies the Defective Products, along with instructions regarding: (1) how to obtain replacement parts; and (2) how to inform your own customers who may have had these parts installed on their vehicles. ***Given the safety nature of this recall, we urge you to review the "Federal-Mogul Motorparts Important Safety Recall" document and take the actions outlined in the attachments, to include removing all Defective Products from your own inventory and communicating with your own customers regarding how to obtain replacement parts for the Defective Products.***

Any questions you have regarding this Safety Recall, should be directed to **Federal-Mogul Motorparts** at **877-489-6659, Claim No. 18E-049**. Thank you.
